

Did You Know Champion Elevator Provides Storm Support?

As a direct result of natural disasters, such as Tropical Storms and Hurricanes, many building owners are faced with devastating damage to their properties. We at Champion Elevator would like to let you know that we are here for you, to remedy any situation and help keep your building and elevators up and running, with as little down time as possible.

Champion Elevator currently offers:

- **On Site Standby Technicians During Storm or Disaster**
 - **Pit Water Monitoring Sensor System Installation**
 - **Pit Water Removal**
 - **Waste Oil Disposal**
 - **Fire Restorations**

Please remember to have all overhead machine room doors closed and locked!!!

Champion Elevator is prepared to help with all your disasters both storm and not storm related and stand ready to help during your times of need.
